Workshop Opening	▼	5:00PM
Hacking Ends	▼	6:00PM
Expo Set-Up	▼	6:00-6:30PM
Expo & Judging	▼	6:30PM
Leftover Snacks	▼	7:00PM
Closing Ceremonies	▼	7:30PM

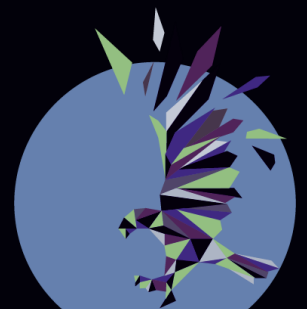

▶ Sponsors can check in anytime between 12-1PM to table in the Sponsor Section and mingle with hackers. Your representatives can table for as long as you desire, giving out company collateral, internship/job opportunities, and helping out with hacks. We also ask Judging sponsors to stay until the end of the Closing Ceremonies. If Sponsors would like to come Friday, please email southernhacks@gmail.com to make arrangements.

▶ All Social Events/Games are Workshops are open to both sponsors and hackers, but are focused on building connections, learning, and relieving pressure from the hackathon experience.

▶ WIT Social is geared to offer a mixer social for female, non-binary, or gender non-conforming individuals.

▶ We will be providing meals and snacks to accommodate vegetarian, vegan, and some dietary restrictions.

▶ We encourage hackers pull all-nighters to finish their prototype!

Workshop Breakdown

- ▼ Beginner-Friendly
- ▼ Not Easy, but try it!
- ▼ Kind-Of Challenging

Machine Learning ▼

Learn how to make a mini-neural network and the basics of Machine Learning with Teachable Machine! Conceptual ML without code.

"Git" started with Github ▼

Coding and creating with a team simplified. Learn the pushes and pulls of Github to make collaboration on your solution so. much. easier.

Configure a Pi ▼

We're not talking blueberry or ~3.14. Configure the Raspberry Pi (credit-card sized computer) to do stuff with guest, Dr. Thackston.

More Workshops will be added as slots are filled.
